Case Study

Client: Fullhurst Community College, Leicester

Project Date: Summer 2019
Project Value: £45k

Project Management Service including:
- Space planning and design
- Delivery & installation schedule

New build refurbishment for 'state of the art' facilities at Fullhurst Community College, Leicester.

As part of our ESPO framework 282 contract and our continued track record in school development projects, we were delighted to be appointed to supply educational furniture to a Community College in Leicestershire, after a recent expansion and improvement programme.

At the heart of the community and as the first school in Leicester to be rebuilt under the 'Building Schools for the Future programme', Fullhurst has continued to grow with currently 1000+ students, aged 11-16years.

The refurbishment within the newly built Fosse

Campus provides flexible dedicated teaching and learning spaces, study areas, welcome foyers, offices and breakout spaces.

The £45,000 project was carried out over the summer holiday period to ensure there was no disruption to School activity and in plenty of time for the official opening in September.

Testimonial

"COI Total Interiors had a great vision and understanding of our facilities development and what we wanted to achieve, ensuring the product selection was inspiring and complimented our new modern environment. From the initial design and planning stage through to the installation itself, the team was always on hand to help and provide guidance.

Delivering on time and within budget, COI provided us with a flexible, personal and professional service and we look forward to working with them again in the future. "

Tom Sharman, Site Manager
