Project Date: Summer 2019
Project Value: £16k

Project Management Service including:
- Space planning and design
- Standard and bespoke furniture
- Aftercare service

Successful refectory refurbishment at Leicestershire School.

Working together with the ESPO project team (Framework 282) and St Paul's Catholic School, our team at COI Total Interiors redesigned a social space with modern and aesthetically designed refectory furniture that would provide children of all ages an inviting and welcoming place to communally dine.

The Products:
We supplied timeless panel ended dining tables with 38mm tops for strength and durability, with co-ordinating bench seating.

The look was completed with a warm Maple MFC wood finish, with matching edge detail.

Low tables with Maple tops and stylish Chrome trumpet bases, partnered with Grey polypropylene 4 legged chairs completed the informal eating area designed to accommodate both students and teaching staff.

This educational furniture refurbishment was completed during the Schools half term break, with returning children thrilled with their new and inviting eating area.

Testimonial

"Staff and students at St Paul's would like to express our gratitude and heartfelt thanks to all at COI Total Interiors for your participation in the recent refurbishment of our dining room.

From the very start of the project your guidance, design knowledge and product information has proved invaluable in our decision making, without doubt your hard work and professionalism has proved to be a significant factor in the success of the project."

Alan Loakes,
Assistant Business Services Director,
St Thomas Aquinas Catholic Multi Academy Trust.
