Specification Guide

Reflection Shelving

Reflection is a traditional steel cantilever shelving system proven to be cost-effective and robust across thousands of libraries. Fully compatible with the original Reska shelving system on which it is based, Reflection is extremely versatile making it ideal for both academic and public libraries.

With a vast range of accessories and enhancements available, including display end panels, shelf signage, bay headers and book supports, Reflection is a stylish and practical system that can be customised to suit individual requirements and used to define space, maintain the order of book stock and improve the customer experience.

Available as double-sided island units (static or on castors) and wall fixed/wall freestanding versions, with pre-defined starter and add-on bays, Reflection really does have outstanding versatility and endless possibilities.

Sizes available

What's the difference?

Our reference size is the industry standard sizing for shelving, and makes ordering from us a lot simpler. Please use the reference size when placing your order.

The actual size is primarily for use by architects and designers who need exact measurements for drawings and site layouts.

Reflection conforms to British Standards BS 4875-7: 2006 part 7 and BS 4875-8: 1998 Part 8, so you can specify with confidence.

Wall Fixed

	Reference Size (mm)	Actual Size (mm)	
		Starter Bays	Add-On Bays
Height	2100	2030	2030
	1800	1680	1680
	1500	1380	1380
	1200	1030	1030
Width	1000	1020	1010
	900	920	910
	750	770	760
Depth	200	215	215
	250	265	265
	300	315	315
	350	365	365

Wall Freestanding

	Reference Size (mm)	Actual Size (mm)	
		Starter Bays	Add-On Bays
Height	2100	2120	2120
	1800	1820	1820
	1500	1520	1520
	1200	1220	1220
Width	1000	1040	1020
	900	940	920
	750	790	770
Depth	200	287	287
	250	337	337
	300	387	387
	350	437	437

Important information

- Wall bars are shorter to allow for skirting.
- Double-sided units can be used with or without castors.
- Shelves available in epoxy coated steel with removable rear upstand.
- Adjustable in 25mm increments.
- 70mm x 30mm tube construction (2mm) with 0.9mm steel shelves & 1.5mm crossbars.
